

GAY BRIGHTON!

Brighton boasts the largest number of gay and lesbian residents per capita in Europe - with an estimated 40,000 gay people proudly calling the city home. It's also the top weekend destination for pleasure seeking Londoners and hundreds choose to move down permanently each year, earning Brighton the nick-name "London-by-Sea".

This week, QX brings you the first in a series of Brighton supplements, in association with local monthly free gay magazine 3Sixty. The guide will highlight the best events happening in London's sister city: Escape the Big Smoke and try the South Coast!
